Have a heart for 20 SIGN THE PETITION !

20 mph speed limits for Preston Drove, Stanford Avenue and Surrenden Road

People in the Fiveways and Preston Park area are at risk from motor vehicles going too fast. But Preston Drove, Stanford Avenue, Surrenden Road and other roads in this area were <u>denied</u> safer 20 mph speed limits at a council meeting on 11 December 2013. This was due to local politicking, not the facts.

Contrary to what was claimed, Preston Drove and Stanford Avenue are **NOT key routes for buses.** There was no large majority against speed reduction in the consultation. Surrenden Road residents were in favour of speed reduction.

This is a residential area and these streets are used by children and parents going to the many nearby schools and children's nurseries. Balfour Primary, Downs Infant and Junior School, Dorothy Stringer, Varndean College and the Montessori School are located here. The local shops and parks (Preston Park and Blaker's Park), are visited by many adults and children on foot or on bikes.

Reducing the speed limit to 20 mph would reduce the risk of road traffic collisions and injuries. More than half of road deaths and serious injuries occur on roads with 30 mph limits. 20mph zones in London have reduced casualties by 42%, with reductions greatest for younger children. Slower speeds save lives!

This petition will be presented at the next Brighton & Hove City Council meeting!
